Create. Enhance. Sustain.

## INTRODUCTION

Evic Consulting Ltd provides electrical and mechanical consultancy services solutions within East Africa region through design, management, actual implementation and maintenance of various projects. We have experience in delivering high quality services through strict adherence to high standards of workmanship and making sure that projects are delivered on time and within budget.

Our key areas of expertise include:

- Electrical
- Mechanical
- Telecommunication
- Renewable Energy
- ICT
- Security Systems
- Energy Auditing
- Project Management

Specific services provided includes:

- Feasibility studies
- Pre-contract services
- Engineering designs
- Environmental impact assessments
- Project construction supervision
- Any other engineering investigations/research as required by client

Our accreditations do offer our clients peace of mind, built on reputation and reliability, whilst meeting and exceeding our clients' expectations.

With our employees having knowledge of regulations, great technical ability and experience of working in a wide range of specialties, we deliver projects within the stipulated costs and fulfill clients' requirements.

## OUR VISION

Our vision is to be the region's leading firm by achieving business and financial success while leaving a commendable positive imprint in society through quality and environmentally friendly services.

## OUR MISSION

Our mission is focused on quality service delivery to our clients, striving to achieve high level customer satisfaction through honesty, reliability and integrity within the company.

## OUR CORE VALUES

Our values guide the way we work with our business partners, within our communities and with each other. Through our values, we have created a company culture where ideas can blossom, people can thrive and success can flourish.

Below are our main core values:

- Integrity
- Accountability
- Quality
- Reliability
- Sustainability
- Efficiency
- Innovation

## HEALTH & SAFETY POLICY

It is the policy of Evic Consulting Ltd to comply with the Health and Safety at Work Act 1974, subsequent legislations and all the local rules and regulations to provide, guide and maintain a healthy and safe working environment.

We aim to minimize the number of health & safety and environmental incidents and ultimately to achieve an incident-free working environment.

We recognize and accept our duty to protect the health and safety of all visitors to the company or our place of work, including our employees, fellow contractors, sub-contractors and temporary workers, as well as any members of the public who might be affected by our operations.

Our health, safety and environmental policy will be continually monitored and updated to ensure continual improvement of the management systems.

*The policy will be updated at least every 12 months.*

## QUALITY STATEMENT

Evic Consulting Ltd's objective and mission is to offer its customers the highest quality of technical and customer services to meet the highest level of customer satisfaction. We focus on personalized services by offering convenience and competitive costings to our clients. Additionally, we have a wide scope of technical knowledge and skills.

Evic Consulting's main factor of work is testing work; however, when undertaking installations, we have a good range of high-tech tools and suppliers who can deliver parts rapidly to decrease the waiting time for clients and ensures all deadlines are met.

Evic Consulting is committed to providing our clients and employees with the highest quality of service and professionalism, committed to the timely completion of all our services ensuring we meet our clients' requirements on time and within the specified budget.

Quality assurance is demonstrated through the references and reviews by our clients, to see these please visit our website, [www.evic.co.ke](http://www.evic.co.ke)

When quality lapses arise, the company will provide suitable corrective and preventative measures.

Our team strive to meet and surpass your expectations, committed to meet the requirements of ISO 9001 2008 and continually improve the effectiveness of this Quality Management System.

This policy is always communicated to all employees, so it is understood within the organization.

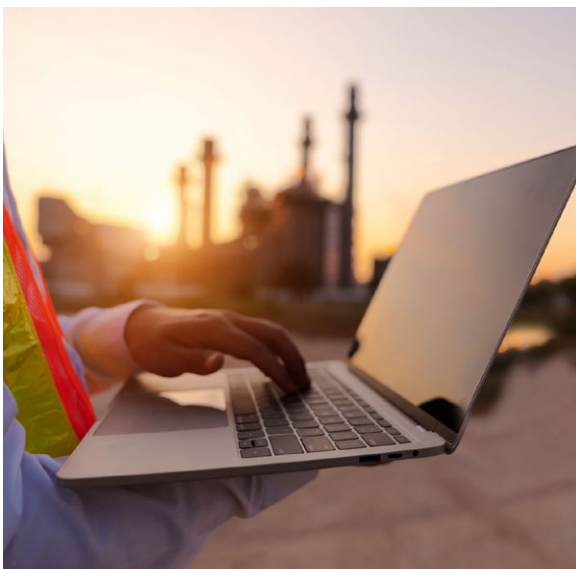

This Quality Statement is reviewed on a regular basis for continual suitability and there are no exclusions within this policy.

*"At Evic Consulting Ltd we take pride in the professional quality of our work and high level of service we provide to our clients, ensuring that their needs are clearly understood, defined and met throughout the project. We are committed to achieving and maintaining high standard of quality in all aspects of our business and to continually satisfy the expectations of our customers."*
